Objective

- To promote Thailand as the LGBT market center offering products, services, and activities for LGBT people
- To promote a new consumer market which is considered the fast-growing one in terms of their population and their high purchasing power
- To encourage and support the LGBT-friendly brands
- To establish coordination between business, government, and community sectors that support the LGBT at the national and international levels
- To promote the greater understanding of diversity in our society and support the idea of living together in harmony

Why Exhibit?

- The biggest platform that provides new products and services for LGBT community in Thailand
- An opportunity to enhance your brand image to be LGBT-friendly
- An opportunity to launch your new products and services
- An opportunity to increase sales due to the purchasing power of LGBT people
- An opportunity to gain feedback from customers to improve your business
- An opportunity to coordinate between business, government, and community sectors that support the LGBT Community at the national and international levels
